

Radiant Colours.....

These concentrated water colour dyes have been the favourite of designers, illustrators and artists since 1934. Radiant is formulated to achieve the greatest possible brilliance and radiant tones. Please note that these colours have a low lightfastness rating.

Fine art lightfast transparent watercolour at its best. This liquid product delivers the same brilliance and permanence as traditional watercolour. Made from the finest artists pigments to give luminosity these colours can also be used in technical pens, for calligraphy and as an airbrush colour. The opaque Titanium White can also be mixed with colours to produce a fine gouache.
