

Schmincke HORADAM[®]

A world renowned and very popular water colour amongst professionals. The pans are filled with semi-moist colour that lifts easily onto your brush. Highly recommended.

One of the Worlds greatest water colours, produced by a family firm in Germany since 1881. Once used by famous artists such as Oskar Kokoschka and Emile Nolde these 110 highly pigmented colours are made from the very best Korodofan gum arabic and other pure ingredients. A classic water colour with excellent flow characteristics.

- Fully reusable paint when dried on a palette.
- High control of paint flow, even on soft water-colour papers.
- Each colour has its own individually optimized formula.
- Same formula for tube and pan colours.
- Pans poured 4 times in liquid state.
